Introduction to the Competition

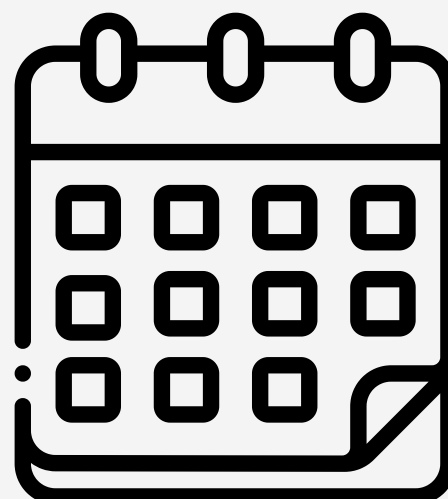

The French Pop Video Competition is a national contest created in 2019 and organised by Francophonie UK in conjunction with the Institut français du Royaume-Uni and supported by TV5 Monde.

Every year, more than 50 schools participate in this great and fun curricular and extra-curricular activity all across the country, revealing many young and talented singers. From the writing of the songs to its singing (or rapping!) and video shooting, many former contestants have expressed how empowered the contest has made them feel and the confidence it has brought them. In 2022 alone, 49 music videos were shot bringing more than 300 primary, secondary and sixth form students from across the UK.
